
SEASONAL POURS

Every harvest tells a story. It starts in the ground, grows through the trees, and finishes on the vine, with every ingredient shaped by the land it comes from. Picked at its best, each one brings its own character, depth, and flavour.

This menu follows that journey through three stages of harvest: Root Harvest, Tree Harvest, and Vine Harvest.

Each cocktail takes inspiration from a different part of the landscape, celebrating the produce, flavours, and traditions that make Aotearoa so unique.

Earthy, vibrant, and full of seasonal character, these drinks are our take on the harvest, made to be shared, enjoyed, and remembered.

BERT'S APERITIVO

A little love letter from one local distillery to another.

From Woodward Street to Sandymount, there's a shared love of doing things a little differently, celebrating what grows around us, working with the seasons, and putting plenty of character into every bottle.

Three light, bright and bitter drinks, each built around a different Sandymount expression, with a little Bert's Bar thinking along the way. Low in alcohol, full of flavour, and made with plenty of love for our friends down south.

TURN OF THE TIDE

Green Maker - Manzanilla - Oyster Shell - Citrus Maxima Tonic

SECOND TAKE

Red Maker - Jasmine - Wild Fennel - Absinthe Rinse

CAFFÈ ROSSO

Sandfly Rosso - Coffee - Saison Red - Black Walnut
